**New Zealand Experience**

None

**Private Practise MSK Experience**

LP currently does not have any work experience in the private practice setting.

**Hospital Experience**

LP has over two and a half years of experience in a hospital setting in the UK as a Band 5 physiotherapist. Their roles include comprehensive patient assessment and treatment, equipment provision and exercise prescription, and developing leadership and management skills by supporting and supervising physiotherapy team staff and students. Additionally, LP has honed their organizational and prioritization skills to effectively manage the ward in an inpatient setting.

**Special Interests**

After a student placement in a neurological rehabilitation unit, LP discovered a great interest in this area. Unfortunately, due to its high popularity, LP has been unable to work in a similar area as a junior physiotherapist. LP believes that the complexity, diverse patient presentations, and the opportunity to build strong patient rapport make the role of a physiotherapist special.

**Quotes from References**

LP is has great interpersonal skills and is very kind to patients and colleagues. He has excellent organisation skills and has a sound knowledge base. He is able to use his own initiative and work under pressure.

LP has always strived to do his best where he could. He is eager to learn and demonstrates consistent improvement in his accuracy and assessment. He is always punctual, reliable and able to manage his caseload well.

LP is flexible and trustworthy. He has superb time management skills and is able to prioritise his work loads.

**Who am I?**

LP is a hard-working and outgoing individual who loves spending time with loved ones and friends. Passionate about health and wellness, LP believes this allows them to be their happiest and healthiest, possibly. Outside of work, LP loves to run regularly and participates in Parkrun every week. Football is their favorite sport, but they also enjoy trying new sports and making new friends. LP's favorite pastime is making music on their laptop, with three songs already played on the radio. They aspire to release music with labels and enjoy listening to music for inspiration.

**CPD Courses**

LP would like to complete the 'PD Warrior' course due to the increasing number of patients they treat with Parkinson's disease. LP believes that physiotherapy can significantly improve the function and quality of life for this demographic.
